Welcome to Community Health Plan of Washington and Washington Apple Health

Welcome!

Thank you for enrolling in Washington Apple Health (Medicaid) and welcome to Community Health Plan of Washington (CHPW), your health plan. We work with Apple Health to provide your coverage. This handbook will provide more details about your covered benefits and how to get services.

When you are enrolled in managed care, Apple Health pays your health plan a monthly premium for your coverage. Your coverage includes physical and behavioral health services like preventive, primary, specialty care, telemedicine, and other health services. Most clients in managed care must see providers in their plan's network. Most services received outside of your plan's service area will not be covered unless pre-approved. Work with your primary care provider (PCP) to get pre-approval for care received outside of the service area. To get an Indian Health Care Provider (IHCP) as your PCP, contact 1-800-440-1561 (TTY: 711). We will cover emergency services if you have an emergency outside of the service area.

We will get in touch with new members in the next few weeks. You can ask us any questions and get help making appointments. If you have any questions, call us at 1-800-440-1561 (TTY: 711), 8 a.m. – 5 p.m., Monday through Friday.

If English is not your preferred language or you are deaf, deafblind, or hard of hearing, we can help. We want you to be able to access your health care benefits. If you need any information in a language other than English, including sign language, call us at 1-800-440-1561 (TTY: 711). We will provide language assistance at no cost to you. We can also help you find a provider who speaks your language.

You are entitled to language access services when you attend a health care appointment covered by Apple Health. Your provider is required to schedule an interpreter for your appointments. Let your health care provider know you need an interpreter when you schedule your appointment.

Spoken language interpreters can go to the provider's office, be on the phone, or be on video during your appointment. Sign language interpreters can go to the provider's office or be on video during your appointment.

If you have any questions about our interpreter services program, visit our website at chpw.org/contact-us/language-assistance. You can also visit the Health Care Authority (HCA) Interpreter Services webpage at hca.wa.gov/interpreter-services or email HCA Interpreter Services at interpretersvcs@hca.wa.gov.

Call us if you need help understanding information or if you need it in other formats.

If you have a disability, are blind or have limited vision, are deaf or hard of hearing, or do not understand this book or other materials, call us at 1-800-440-1561 (TTY: 711). We can provide you with materials in another format or auxiliary aids, like braille, at no cost to you. We can tell you if a provider’s office is wheelchair accessible or has special communication devices or other special equipment. We also offer:

- TTY line (Our TTY phone number is 711).
- Information in large print.
- Help in making appointments or arranging transportation to appointments.
- Names and addresses of providers who specialize in specific care needs.

Getting started

You will need two cards to access services, your Community Health Plan of Washington member ID card and your ProviderOne services card.

1. Your Community Health Plan of Washington member ID card

Your member ID card should arrive 30 days after enrolling in coverage. Your member ID number will be on your member ID card. Call us right away if any information on your card is incorrect, or you do not receive it within 30 days. Always carry your member ID card and show it each time you get care. You do not need to wait for your card to arrive to go to a provider or fill a prescription. Contact us at 1-800-440-1561 (TTY: 711) or customer@chpw.org if you need care before your card comes. Your provider can also contact us to check eligibility.

2. Your ProviderOne services card

You will also receive a ProviderOne services card in the mail.

Your ProviderOne services card will be mailed to you seven to 10 days after you're found eligible for Apple Health coverage. This is a plastic ID card that looks like other health insurance ID cards. Keep this card and protect your information.

Your services card will include only the following information:

- Your name
- Provider One ID number
- Date issued
- ProviderOne website
- Customer service information
(no information about resident or immigration status will be displayed)

HCA will not automatically send you a new card if you received one in the past. You can request a new card, if needed. Each person has their own ProviderOne client number. Take this card with you to your doctor appointments. Providers use this card to make sure your services are covered.

Using the ProviderOne services card

You can view a digital copy of your ProviderOne services card through the WAPlanfinder mobile app. Learn more about the app at wahbexchange.org/mobile/. There is no need to order a replacement when you always have a digital copy with you!

Your ProviderOne client number is on the back of your card. It will always be nine digits and end in "WA". Confirm your coverage started or switch your health plan through the ProviderOne Client Portal at <https://www.waproviderone.org/client>.

Health care providers also use ProviderOne to see if you are enrolled in Apple Health.

If you need a new ProviderOne services card

You can request a new ProviderOne services card if you don't receive your card, the information is incorrect, or you lose your card. You can request a replacement several ways:

- Visit the ProviderOne client portal website: <https://www.waproviderone.org/client>
- Call the toll-free IVR line at 1-800-562-3022, follow the prompts.
- Request a change online: <https://fortress.wa.gov/hca/p1contactus/>
 - Select "Client."
 - Use select topic drop down menu to choose "Services Card."

There is no charge for a new card. It takes seven to 10 days to get the new card in the mail.

Apple Health services covered without a managed care plan (also called fee-for-service)

The Health Care Authority (HCA) pays for some benefits and services directly through Apple Health even if you are enrolled in a health plan. These benefits include:

- Dental services by a dental professional,
- Eyeglasses for children (age 20 and younger),
- Long-term care services and supports¹,
- First Steps Maternity Support Services (MSS), First Steps Infant Case Management (ICM), childbirth education, Substance Using Pregnant People (SUPP) Program, prenatal genetic counseling, and pregnancy terminations², and,
- Services for individuals with developmental disabilities.

You only need your ProviderOne services card to access these benefits. Your PCP or Community Health Plan of Washington will help you access these services and coordinate your care. See page 22 for more details on covered benefits. Call us if you have questions about benefits or services.

¹ Long-term services and supports are not covered under Apple Health Expansion.

² Apple Health Expansion does not cover pregnancy and after-pregnancy related services.

Changing health plans

You have the right to change your health plan at any time. Your plan change may happen as soon as the month after you make your change. Make sure your plan change has taken place before you see providers in your new plan's network.

There are several ways to switch your plan.

- Change your plan on the Washington Healthplanfinder website: wahealthplanfinder.org
- Visit the ProviderOne client portal: <https://www.waproviderone.org/client>
- Request a change online: <https://fortress.wa.gov/hca/p1contactus/home/client>
 - Select the topic "Enroll/Change Health Plans."
- Call HCA: 1-800-562-3022 (TRS: 711).

If you decide to change health plans, we will work with your new plan to transition medically necessary care so you can keep getting services you need. **NOTE:** Enrollees in the Patient Review and Coordination program must stay with the same health plan for one year. Contact us if you move.

Information for American Indians and Alaska Natives

HCA gives American Indians and Alaska Natives in Washington a choice between Apple Health managed care or Apple Health coverage without a managed care plan (also called fee-for-service). HCA does this to comply with federal rules, in recognition of the Indian health care delivery system, and to help ensure that you have access to culturally appropriate health care. You can contact HCA at 1-800-562-3022 for questions or to change your enrollment. You can change your selection(s) at any time, but the change will not take effect until the next available month.

If you are connected or partnered with a Tribal Assister through an Indian Health Service (IHS) facility, Tribal health program, or Urban Indian Health Program (UIHP), they can help you make your decision. They may help you decide whether to choose a managed care plan or Apple Health coverage without a managed care plan. If you have questions about your health care or your health care coverage, your tribal or UIHP staff may be able to help you.

If you are American Indian or Alaska Native, you may be able to get health care services through an IHS facility, tribal health care program or UIHP such as the Seattle Indian Health Board or NATIVE Project of Spokane. The providers at these clinics are knowledgeable and understand your culture, community, and health care needs. They will give you the care you need or refer you to a specialist.

Information for Apple Health Expansion enrollees

Apple Health Expansion is a new program designed to provide health care coverage to people aged 19 or older with immigration statuses that qualify for the program. Eligible enrollees include those who do not qualify for other Apple Health programs based on their immigration status. Under this program, you are enrolled in a health plan offered in your county. This health plan manages your health care and is your point of contact for help getting services, coordinating your care, and ensuring you receive the needed language access supports.

Apple Health Expansion includes most services covered under other Apple Health programs. You have access to medical, dental, pharmacy, and behavioral health services under your Apple Health Expansion coverage.

Some services available under Apple Health Expansion include:

- Medical and behavioral health services
- Dental services
- Transportation to Apple Health covered appointments
- Interpreter services
- Pharmacy (Over the counter and prescription drugs on the Apple Health preferred drug list)
- Vision hardware (for enrollees aged 19-20)

Some services are **not available** under Apple Health Expansion coverage. These include but are not limited to:

- Early and periodic screening, diagnostic, and treatment (EPSDT)
- Supportive supervision
- Private duty nursing
- Long-term nursing facility care
- Intermediate care facility
- Health Home program
- Pregnancy and after-pregnancy related services

The following Apple Health programs are available regardless of citizenship or immigration status.

- Apple Health for Kids
- Apple Health for Pregnant Individuals
- After-Pregnancy Coverage
- Family Planning Only

Your rights and privacy

We are required by law to protect your health information and keep it private. We only use and share your information to provide benefits, carry out treatment, payment, and health care operations. Your immigration status will be protected, and action will not be taken against you for filing a complaint or grievance regarding the care you've received. More information on privacy can be found under the "We Protect Your Privacy" section of this manual.

Using private health insurance and your Community Health Plan of Washington coverage

Some enrollees have private health insurance. We may work with other insurance to help cover some co-pays, deductibles, and services private health insurance does not cover.

Make sure your health care providers are in Community Health Plan of Washington's provider network or willing to bill us for any co-pays, deductibles, or balances your private insurance does not cover. This will help you avoid out-of-pocket costs.

Show all cards when you go to the doctor or other medical providers. This includes:

- Private health insurance card,
- ProviderOne services card, and
- Community Health Plan of Washington member ID card.

Contact Community Health Plan of Washington right away if:

- Your private health insurance coverage ends,
- Your private health insurance coverage changes, or,
- You have any questions about using Apple Health with your private health insurance.

How to get health care

How to choose your primary care provider (PCP)

It's important to choose a primary care provider (PCP). You can find your PCP's information on your member ID card. We will choose a PCP for you if you do not choose one. You can request a provider if you are already seeing a PCP or have heard about a provider you want to try. We can help you find a new PCP if the provider you would like to see is not in our network. Let us know if you are seeing an Indian Health Care Provider (IHCP). There is no requirement that IHCPs are in network, and you may continue to see them as your PCP. You have the right to change health plans without interruption of care. This right is in HCA's Transition of Care policy.

Each eligible family member can have their own PCP, or you can choose one PCP to take care of all eligible family members who have Apple Health managed care coverage. You can choose a new PCP for you or your family any time at chpw.org/member-center or call 1-800-440-1561 (TTY: 711).

Setting your first PCP appointment

Your PCP will take care of most of your health care needs. Services you can get include regular check-ups, immunizations (shots), and other treatments.

Make an appointment as soon as you choose a PCP to become a patient with them. This will help you get care when you need it.

It is helpful for your PCP to know as much about your physical and behavioral health history as possible. Remember to bring your ProviderOne services card, Community Health Plan of Washington's member ID card and any other insurance cards. Write down your health history. Make a list of any:

- Medical or behavioral health concerns you have,
- Medications you take, and,
- Questions you want to ask your PCP.

Let your PCP know as soon as possible if you need to cancel an appointment.

How to get specialty care and referrals

Your PCP will refer you to a specialist if you need care they cannot give. Your PCP can explain how referrals work. Talk to your PCP if you think a specialist does not meet your needs. They can help you see a different specialist.

Your PCP must ask us for pre-approval or prior authorization before giving you some treatments and services. Your PCP can tell you what services require pre-approval or you can call us to ask.

We will get you the care you need from a specialist outside our network if we don't have one in network. We may need to pre-approve any visits outside of our network. Discuss this with your PCP.

Your PCP will request pre-approval from us with medical information to show us why you need this care. We must respond to your PCP within five days of the request. We will notify you of our decision no later than 14 days.

You have the right to appeal if we deny this request and you disagree with our decision. This means you can ask us to have a different person review the request. See page 50 for more information. You are not responsible for any costs if your PCP or Community Health Plan of Washington refers you to a specialist outside of our network and we give pre-approval.

Services you can get without a referral

You do not need a referral from your PCP to see a provider in our network if you need:

- Behavioral health crisis response services including:
 - Crisis intervention
 - Evaluation and Treatment services
- Family planning services
- HIV or AIDS testing
- Immunizations
- Outpatient behavioral health services
- Sexually transmitted disease treatment and follow-up care
- Tuberculosis screening and follow-up care
- Women's health services including:
 - Maternity services including services from a midwife, and,
 - Breast or pelvic exams

Telehealth/Telemedicine

If supported by your provider, you can talk with your provider over the phone or the computer instead of an in-person appointment.

This is known as telemedicine. Telehealth (also referred to as telemedicine) must be private, interactive, and real-time audio or audio and video communications. Virtual urgent care is also an option as part of your Apple Health coverage, more information can be found on page 19.

You can share information with your provider and receive diagnosis and treatment in real time without being in the same place.

Community Health Plan of Washington covers approved telehealth services. To connect with a telehealth provider, visit chpw.org/virtualcare or ask your provider if they offer virtual visits. You can also call our 24-hour Nurse Line at 1-866-418-2920 (TTY: 711) for free advice on what kind of care you may need. If you have questions or want more information about CHPW Virtual Care, please call Customer Service at 1-800-440-1561 (TTY: 711) or email customercare@chpw.org.

You must go to Community Health Plan of Washington doctors, pharmacies, behavioral health providers, and hospitals

You must use physical and behavioral health providers who work with Community Health Plan of Washington. We also have hospitals and pharmacies for you to use. You can request a directory with information about our providers, pharmacies, and hospitals. Directories include:

- Hospitals and pharmacies.
- The provider's name, location, and phone number.
- The specialty, qualifications, and medical degree.
- Medical school attended, Residency completion, and Board Certification status.
- The languages spoken by those providers.
- Any limits on the kind of patients (adults, children, etc.) the provider sees.
- Identifying which PCPs are accepting new patients.

To get a directory in print, call our member services line at 1-800-440-1561 (TTY: 711) or visit our website chpw.org.

Payment for health care services

As an Apple Health client, you have no co-pays or deductibles for any covered services. You might have to pay for your services if:

- You get a service that Apple Health does not cover, such as cosmetic surgery.
- You get a service that is not medically necessary.
- You get care from a provider who is not in our network and it is not an emergency or pre-approved by your health plan.
- You don't follow our rules for getting care from a specialist.

Providers should not ask you to pay for covered services. Call us at 1-800-440-1561 (TTY: 711) if you get a bill. We will work with your provider to make sure they are billing correctly.

Quality Improvement programs

The goal of Community Health Plan of Washington's Quality Improvement Program is to improve your quality of care and experience. We track different health programs and report on how we are doing. We use this information to figure out how we can do better to make sure everyone gets the care and support they need.

From time to time, we will contact you by email, mail, text, or phone to tell you about programs or services that we think might help you, remind you about important health services, or just to learn more about you so we can continue to improve. If you have questions or want more information about the Quality Improvement Program, please call Customer Service at 1-800-440-1561 (TTY: 711) or email us at customercare@chpw.org.

Utilization Management programs

Community Health Plan of Washington wants you to get care that's right for you, without getting care you don't need. We help make sure you get the right level of care by making decisions based on medical need, appropriateness, and covered benefits.

We do not reward the staff who make these decisions for saying no. This makes sure our decisions are fair. If you have questions about how these decisions are made, call 1-800-440-1561 (TTY: 711), Monday through Friday, 8 a.m. to 5 p.m.

How we evaluate new technology

We review new equipment, drugs, and procedures to decide if they should be covered based on medical necessity. Some new equipment, drugs, and procedures are still being tested to see if they really help. If they are still being tested, they are called experimental or investigational. These services are covered after research and Community Health Plan of Washington determines they are more helpful than harmful. If you want to know more, contact us at 1-800-440-1561 (TTY: 711), Monday through Friday, 8 a.m. to 5 p.m.

Getting care in an emergency or when you are away from home

In an emergency

Call 911 or go to the nearest emergency room if you have a sudden or severe health problem that you think is an emergency.

Call us as soon as possible afterwards to let us know that you had an emergency and where you received care. You do not need pre-authorization to seek care in the event of an emergency. You may use any hospital or emergency setting if you are having an emergency.

Only go to the hospital emergency room if it's an emergency. Do not go to the emergency room for routine care.

If you need urgent care

You may have an injury or illness that is not an emergency but needs urgent care. Contact us at 1-800-440-1561 (TTY: 711) to find urgent care facilities in our network or visit our website at chpw.org. If you have questions on whether to go to an urgent care facility call our 24-hour nurse line at 1-866-418-2920 (TTY: 711). This line is open seven (7) days a week.

If you need care after hours

Call our 24-hour nurse line and ask for assistance 1-866-418-2920 (TTY: 711). You can also contact your health plan's virtual care service via phone, smartphone, tablet, or computer at chpwvirtualcare.org or call 1-855-994-6777 for help.

Call your PCP to see if they offer after-hours care.

Contact us if it takes longer than the times above to see a provider.

Benefits covered by Community Health Plan of Washington

This section describes benefits and services covered by Community Health Plan of Washington. It is not a complete list of covered services. Check with your provider or contact us if a service you need is not listed. You can view our benefits and services at chpw.org/member-center.

Some covered health care services may require pre-approval. All non-covered services require pre-approval from us. Non-covered services through Apple Health without a managed care plan require pre-approval from HCA.

Some services are limited by the number of visits. Your provider can request a Limitation Extension (LE) if you need more visits. Ask your provider to request an exception to rule (ETR) if you need non-covered services.

You may need to get a referral from your PCP and/or pre-approval from Community Health Plan of Washington before you get some services. If you don't have a referral or pre-approval, we may not pay for services. Work with your PCP to make sure there is a pre-approval in place before you get the service.

General services and emergency care

Service	Additional information
Emergency services	Available 24 hours per day, seven days per week anywhere in the United States.
Hospital, inpatient and outpatient services	Must be approved by us for all non-emergency care.

Pharmacy or prescriptions

We use a list of covered drugs called the Apple Health Preferred Drug List (PDL). A PDL is a list of drugs that are covered by Community Health Plan of Washington. Your provider should prescribe medications to you that are on the PDL.

You can call us and ask for:

- A copy of the PDL.
- Information about the group of providers and pharmacists who created the PDL.
- A copy of the policy on how we decide what drugs are covered.
- How to ask for authorization of a drug that is not on the PDL.

Some drugs are covered by Apple Health without a managed care plan. Call us at 1-800-440-1561 (TTY: 711) for questions or to learn more.

You must get your medications at a pharmacy in our provider network. This makes sure that your prescriptions will be covered. Call us for help finding a pharmacy near you.

Service	Additional information
Pharmacy services	Enrollees must use participating pharmacies. We use the Apple Health PDL. Call us at 1-800-440-1561 (TTY: 711) for a list of pharmacies.

Health care services for children

Children and youth under age 21 have a health care benefit called Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)³. EPSDT includes a full range of screening, diagnostic, and treatment services. Screenings can help identify potential physical, behavioral health or developmental health care needs which may require additional diagnostics and treatment.

EPSDT includes any diagnostic testing and medically necessary treatment needed to correct or improve a physical or behavioral health condition. This includes additional services needed to support a child who has developmental delay.

These services aim to keep conditions from getting worse and lessen the effects of a child's health care problem. EPSDT encourages early and continued access to health care for children and youth.

³ Health care services for children ages 0-18, including EPSDT are not covered under Apple Health Expansion.

An EPSDT screening is sometimes referred to as a well-child or well-care check-up. Children under age 3 are eligible for well-child check-ups according to the Bright Futures EPSDT schedule and aged 3-20 are eligible for a well-child check-up every calendar year. A well-child check-up should include the following:

- Complete health and developmental history.
- A full physical examination.
- Health education and counseling based on age and health history.
- Vision testing.
- Hearing testing.
- Laboratory tests.
- Lead screening.
- Review eating or sleeping problems.
- Oral health screening and oral health services by an Access to Baby and Child Dentistry (ABCD) qualified PCP.
- Immunizations (shots).
- Mental health screening.
- Substance use disorder screening.

When a health condition is diagnosed by a child's medical provider, the child's provider(s) will:

- Treat the child if it is within the provider's scope of practice; or
- Refer the child to an appropriate specialist for treatment, which may include additional testing or specialty evaluations, such as:
 - Developmental assessment,
 - Comprehensive mental health,
 - Substance use disorder evaluation, or
 - Nutritional counseling.
- Treating providers communicate the results of their services to the referring EPSDT screening provider(s). All services, including non-covered, for children ages 20 and under must be reviewed for medical necessity.

Additional services include:

Service	Additional information
Autism screening	Available for all children at 18 months and 24 months.
Chiropractic care	For children 20 years of age and younger with referral from your PCP.
Developmental screening	Screenings available for all children at nine months, 18 months, and between 24 and 30 months.
Private Duty Nursing (PDN) or Medically Intensive Children's Program (MICP)	Covered for children ages 17 and younger. Must be approved by us. For youth ages 18 through 20, this is covered through Aging and Long-Term Support Administration (AL TSA). See 44 for contact information.

Family Youth System Partner Round Tables (FYSPRT)

Family Youth System Partner Round Tables (FYSPRTs) embrace the idea that youth and families can and should have an active role in how behavioral health systems serve them. FYSPRTs are a platform for families, youth, and system partners (juvenile justice, education, child welfare, etc.) to come together to collaborate, listen, and incorporate the voice of the community into decision making at the regional, state, and legislative levels.

FYSPRTs are an important mechanism to address recurring gaps, barriers and needs related to child, youth and family behavioral health, and to share lived experiences and knowledge to impact policies and programs that improve behavioral health outcomes for youth and families in Washington.

Washington has 10 regional FYSPRTs and each regional FYSPRT has meetings that are open to the public. FYSPRT meetings are a collaborative process. A family, youth, and system partner tri-lead work together in an equal partnership to create meeting agendas and share meeting facilitation. The lived experience of families and youth and their input will drive improvement of outcomes for youth and families across Washington. Although youth and families may express their concerns about their services in this forum, FYSPRTs are intended to address recurring system gaps and barriers and not individual care issues. To address specific concerns related to a youth or family's specific services, a grievance can be completed as part of addressing the treatment concern. For more assistance on this, contact the Ombuds in your area.

Visit HCA's website for more information: hca.wa.gov/about-hca/programs-and-initiatives/behavioral-health-and-recovery/family-youth-system-partner-round-table-fysprt.

General Funds-State (GFS)

General Funds-State (GFS) are state funds provided to Managed Care Organizations (MCOs) to help pay for services that are not covered by Apple Health. For example, room and board for residential behavioral health (BH) treatment is not covered by Apple Health and is reimbursed with GFS.

GFS-funded services vary by region. They are usually connected to other behavioral health services for additional funding.

Care Coordination

Complex case management services

Complex case management is a service to help enrollees with complex or multiple health care needs get care and services. Case managers help coordinate your care, with your goals in mind. A plan representative may suggest case management based on questions answered in your first health screening (health assessment) upon enrollment.

You can ask for case management services for yourself or a family member at any time. Health care providers, discharge planners, caregivers, and medical management programs can also refer you to case management. You must consent to case management services. For any questions call 1-800-440-1561 (TTY: 711).

Additional Care Coordination services we may offer

At Community Health Plan of Washington, we support your health beyond the doctor's office. We offer a variety of services and resources to help you manage your health and well-being in all aspects of your life.

Community Support Services. Our Community Support Services team can connect you to local resources to help meet basic everyday needs such as housing, transportation, and food. You can ask for Community Support Services for yourself, or a family member can request them for you. Others, such as your health care providers, hospital discharge planners, caregivers, and our care management staff, can also refer you. For more information, call 1-866-418-7006.

Care Management. Managing multiple health issues or chronic health issues can be difficult. Our Care Management team is here to help you. Your personal case manager will help you identify and make a plan to reach your health goals. They can also help coordinate the care you get from different providers.

Our case managers can also help connect you to treatment or services you may need such as: Private Duty Nursing, ABA (Applied Behavioral Analysis), WISe (Wraparound with Intensive Services), PACT (Program of Assertive Community Treatment), and CLIP (Children's Long-Term Inpatient Program). If you have questions or want to refer yourself to Care Management, contact our Care Management team at 1-866-418-7004 (TTY: 711).

Transition of Care. After you get out of the hospital, you still need support to make sure you fully recover. CHPW's Transition of Care team works with your hospital to make sure your discharge transition is smooth. They will check in on you with a phone call after you leave the hospital. They will make sure you are able to get to your follow-up appointments and pick up the medication you need.

You can quit. We can help. Quit smoking with the help of a coach, web support, and other resources with the Quit for Life® program. Learn more at chpw.org/quit-for-life.

Health Homes. This program can make managing your care easier. Eligible members can get help with transitional care, care coordination, health education, care management, and much more. You can get more information at chpw.org/health-homes.

Pregnancy support. Our specialized team is here to help you get the care that is best for you and your baby. Get one-on-one support before, during, and after your pregnancy. Benefits also include a free breast pump and access to local resources. More at chpw.org/member-center/pregnancy-care.

Youth Behavior Health Services Support. CHPW has home, school, and community-based services to help children with behavioral needs. When a child's behavior disrupts family life, school, or peers, they can benefit from behavioral health support. The support includes intensive care coordination and intensive mental health services provided in the home. If your child is in need of Applied Behavioral Analysis (ABA), please call our dedicated phone lines - ABA Phone Numbers: 1-866-418-7004 or 1-866-418-7005 (D-SNP). We can also be reached by email at: caremgmtReferrals@chpw.org.

Apple Health services covered without a managed care plan

Apple Health covers some other services that are not covered under a managed care plan (also known as fee-for-service). Other community-based programs cover the benefits and services listed below even when you are enrolled with us. We will coordinate with your PCP to help you access these services and coordinate your care. You will need your ProviderOne services card for these services.

Call us with questions about a benefit or service not listed here. View the Apple Health coverage without a managed care plan booklet for a complete list of services:

Early learning programs

Department of Children, Youth, and Families (DCYF) provides the services and programs below for children under the age of five. Contact us and we can help connect you with the services below, or help you identify related services available in your community.

Early Childhood Education and Assistance Program (ECEAP) and Head Start are Washington's pre-kindergarten programs that prepare three and four-year-old children from low-income families for success in school and in life. ECEAP is open to any preschool aged child and family if they meet the income limits. For information on ECEAP and Head Start preschools visit dcyf.wa.gov/services/earlylearning-childcare/eceap-headstart.

Early Support for Infants and Toddlers (ESIT) services are designed to enable children birth to three with developmental delays or disabilities to be active and successful during the early childhood years and in the future in a variety of settings. Settings may include their homes, childcare, preschool or school programs, and in their communities. For more information visit dcyf.wa.gov/services/child-development-supports/esit.

Home Visiting for Families is voluntary, family-focused and offered to expectant parents and families with new babies and young children to support the physical, social, and emotional health of your child. For more information visit dcyf.wa.gov/services/child-development-supports/home-visiting

Early Childhood Intervention and Prevention Services (ECLIPSE) serves children birth to five years old who are at risk of child abuse and neglect and may be experiencing behavioral health issues due to exposure to complex trauma. Services are provided in King County and Yakima County. For more information visit dcyf.wa.gov/services/early-learning-providers/eceap.

Excluded services (not covered)

The following services are not covered by Apple Health, Apple Health Expansion, or Apple Health without a managed care plan. If you get any of these services, you may have to pay the bill. Call Community Health Plan of Washington with any questions or to see if there is a Value-Added Benefit option for a service that is not covered. Accessing your health information

If you are unhappy with your provider, health plan, or any aspect of care

You or your authorized representative have the right to file a complaint. This is called a grievance. Filing a complaint will not impact your rights to privacy. We will help you file a grievance. To file a grievance, call us at 1-800-440-1561 (TTY: 711) or write to us at:

Community Health Plan of Washington
Attention: Appeals & Grievances
1111 3rd Ave, Suite 400,
Seattle, WA 98101

Grievances or complaints can be about:

- A problem with your doctor’s office.
- Getting a bill from your doctor.
- Being sent to collections due to an unpaid medical bill.
- The quality of your care or how you were treated.
- The service provided by doctors or health plan.
- Any other problems you have getting health care.

We must let you know by phone or letter that we received your grievance or complaint within two working days. We must address your concerns as quickly as possible but cannot take more than 45 days.

You can get a free copy of our grievance policy by calling us or visiting chpw.org/member-center/member-rights/grievances-and-appeals to access online.

Behavioral Health Advocates (previously called Ombuds)

A Behavioral Health Advocate is a person who is available to provide free and confidential assistance with resolving concerns related to your behavioral health services. They can help to resolve your concerns if you have a behavioral health grievance, appeal, or fair hearing. The Behavioral Health Advocate is independent of your health plan. It is provided by a person who has had behavioral health services, or a person whose family member has had behavioral health services.

Use the phone numbers below to contact a Behavioral Health Advocate in your area.

Reach all regions at 1-800-366-3103. Or email the Office of Behavioral Health Advocacy at info@obhadvocacy.org.

Important information about denials, appeals, and administrative hearings

A denial is when your health plan does not approve or pay for a service that either you or your doctor asked for. When we deny a service, we will send you a letter telling you why we denied the requested service. This letter is the official notice of our decision. It will let you know your rights and information about how to request an appeal.

You have the right to ask for a review of any decision if you disagree, think it was not correct, not all medical information was considered, or you think the decision should be reviewed by another person.

An appeal is when you ask us to review your case again because you disagree with our decision. You may appeal a denied service within 60 days of the date of denial. Appealing denied services will not jeopardize your privacy rights. We can help you file an appeal. Your provider, a Behavioral Health Advocate, or someone else may appeal for you if you sign to say you agree to the appeal. You only have 10 days to appeal if you want to keep getting a service that you are receiving while we review our decision. We will reply in writing telling you we received your request for an appeal within five days. In most cases we will review and decide your appeal within 14 days. We must tell you if we need more time to make a decision. An appeal decision must be made within 28 days.

You can request an appeal verbally or in writing. Send your written appeal request to 1111 3rd Ave, Suite 400, Seattle, WA 98101, or Fax (206) 613-8984 or email customercare@chpw.org. We can help you file your appeal. To request an appeal verbally, call us at 1-800-440-1561 (TTY: 711).

NOTE: If you keep getting a service during the appeal process and you lose the appeal, **you may have to pay for the services you received.**

If it's urgent. For urgent medical conditions, you or your doctor can ask for an expedited (quick) appeal by calling us. If your medical or behavioral health condition requires it, a decision will be made about your care within three days. To ask for an expedited appeal, tell us why you need the faster decision. If we deny your request, your appeal will be reviewed in the same time frames outlined above. We must make reasonable efforts to give you a prompt verbal notice if we deny your request for an expedited appeal. You may file a grievance if you do not like our decision to change your request from an expedited appeal to a standard appeal. We will try to call you if we deny your request for an expedited appeal so we can explain why and help answer any questions. We must mail a written notice within two days of a decision.

If you disagree with the appeal decision, you have the right to ask for an administrative hearing. In an administrative hearing, an Administrative Law Judge who does not work for us or HCA will review your case.

You have 120 days from the date of our appeal decision to request an administrative hearing. You only have 10 days to ask for an administrative hearing if you want to keep getting the service that you were receiving before our denial.

To ask for an administrative hearing you will need to tell the Office of Administrative Hearings that Community Health Plan of Washington is involved; the reason for the hearing; what service was denied; the date it was denied; and the date that the appeal was denied. Also, be sure to give your name, address, and phone number.

Submit the request for a hearing by:

1. Calling the Office of Administrative Hearings (oah.wa.gov) at 1-800-583-8271,

Or

2. Writing to:

Office of Administrative Hearings

P.O. Box 42489

Olympia, WA 98504-2489

You may talk with a lawyer or have another person represent you at the hearing. If you need help finding a lawyer, visit nwjustice.org or call the NW Justice CLEAR line at 1-888-201-1014. Asking for help finding a lawyer will not jeopardize your privacy rights.

The administrative hearing judge will send you a notice explaining their decision. If you disagree with the hearing decision, you have the right to appeal the decision directly to HCA's Board of Appeals or by asking for a review of your case by an Independent Review Organization (IRO).

Important time limit: The decision from the hearing becomes a final order within **21 days** of the date of mailing if you take no action to appeal the hearing decision.

If you disagree with the hearing decision, you may request an Independent Review. You do not need to have an independent review and may skip this step and ask for a review from HCA's Board of Appeals.

An IRO is an independent review by a doctor who does not work for us. To request an IRO, you must call us and ask for a review by an IRO within 21 days after you get the hearing decision letter. You must provide us any extra information within five days of asking for the IRO. We will let you know the IRO's decision.

Call 1-800-440-1561 (TTY: 711) for help preparing for your independent review. You may ask for a quick decision if your health is at risk. If you ask for this review, your case will be sent to an IRO within three working days. You do not have to pay for this review. We will let you know the IRO's decision.

If you do not agree with the decision of the IRO, you can ask to have a review judge from HCA's Board of Appeals to review your case. You only have 21 days to ask for the review after getting your IRO decision letter. The decision of the review judge is final. To ask a review judge to review your case:

- Call 1-844-728-5212,
- Or
- Write to:
 - HCA Board of Appeals
 - P.O. Box 42700
 - Olympia, WA 98504-2700

Your rights

As an enrollee, you have a right to:

- Make decisions about your health care, including refusing treatment. This includes physical and behavioral health services.
- Be informed about all treatment options available, regardless of cost.
- Choose or change your PCP.
- Get a second opinion from another provider in your health plan.
- Get services in a timely manner.
- Be treated with respect and dignity. Discrimination is not allowed. No one can be treated differently or unfairly because of their race, color, national origin, gender, sexual preference, age, religion, creed, disability, or immigration status.
- Speak freely about your health care and concerns without any bad results.
- Have your privacy protected and information about your care kept confidential.
- Ask for and get copies of your medical records.
- Ask for and have corrections made to your medical records when needed.
- Ask for and get information about:
 - Your health care and covered services.
 - Your provider and how referrals are made to specialists and other providers.
 - How we pay your providers for your medical care.
 - All options for care and why you are getting certain kinds of care.
 - How to get help with filing a grievance or complaint about your care or help in asking for a review of a denial of services or an appeal.
 - Our organizational structure including policies and procedures, practice guidelines, and how to recommend changes.

- Receive plan policies, benefits, services and Members' Rights and Responsibilities at least yearly.
- Make recommendations regarding your rights and responsibilities as a Community Health Plan of Washington member
- Receive a list of crisis phone numbers.
- Receive help completing mental or medical advance directive forms.

Your responsibilities

As an enrollee, you agree to:

- Talk with your providers about your health and health care needs.
- Help make decisions about your health care, including refusing treatment.
- Know your health status and take part in agreed-upon treatment goals as much as possible.
- Give your providers and Community Health Plan of Washington complete information about your health.
- Follow your provider's instructions for care that you have agreed to.
- Keep appointments and be on time. Call your provider's office if you are going to be late or if you have to cancel the appointment.
- Give your providers information they need to be paid for providing services to you.
- Bring your ProviderOne services card and Community Health Plan of Washington member ID card to all of your appointments.
- Learn about your health plan and what services are covered.
- Use health care services when you need them.
- Use health care services appropriately. If you do not, you may be enrolled in the Patient Review and Coordination Program. In this program, you are assigned to one PCP, one pharmacy, one prescriber for controlled substances, and one hospital for non-emergency care. You must stay in the same plan for at least 12 months.
- Inform HCA if your family size or situation changes, such as pregnancy, births, adoptions, address changes, you become eligible for Medicare or other insurance, or your immigration status changes.
- Renew your coverage annually using the Washington Healthplanfinder at wahealthplanfinder.org, and report changes to your account such as income, marital status, births, adoptions, address changes, and becoming eligible for Medicare or other insurance.

Advance directives

What is an advance directive?

An advance directive puts your choices for health care into writing. The advance directive tells your doctor and family:

- What kind of health care you do or do not want if:
 - You lose consciousness.
 - You can no longer make health care decisions.
 - You cannot tell your doctor or family what kind of care you want.
 - You want to donate your organ(s) after your death.
 - You want someone else to decide about your health care if you can't.

Having an advance directive means your loved ones or your doctor can make medical choices for you based on your wishes. There are three types of advance directives in Washington State:

1. Durable power of attorney for health care. This names another person to make medical decisions for you if you are not able to make them for yourself.
2. Health care directive (living will). This written statement tells people whether you want treatments to prolong your life.
3. Organ donation request.

Talk to your doctor and those close to you. You can cancel an advance directive at any time. You can get more information from us, your doctor, or a hospital about advance directives. You can also:

- Ask to see your health plan's policies on advance directives.
- File a grievance with Community Health Plan of Washington or HCA if your directive is not followed.

The Physician Orders for Life Sustaining Treatment (POLST) form is for anybody who has a serious health condition and needs to make decisions about life-sustaining treatment. Your provider can use the POLST form to represent your wishes as clear and specific medical orders. To learn more about Advance Directives contact us.

Mental health advance directives

What is a mental health advance directive?

A mental health advance directive is a legal written document that describes what you want to happen if your mental health problems become so severe that you need help from others. This might be when your judgment is impaired and/or you are unable to communicate effectively.

It can inform others about what treatment you want or don't want, and it can identify a person to whom you have given the authority to make decisions on your behalf.

If you have a physical health care advance directive you should share that with your mental health care provider so they know your wishes.

How do I complete a mental health advance directive?

You can get a copy of the mental health advance directive form and more information on how to complete it at hca.wa.gov/health-care-services-and-supports/behavioral-health-recovery/mental-health-advance-directives.

Community Health Plan of Washington, your behavioral health care provider, or your Behavioral Health Advocate can also help you complete the form. Contact us for more information.

Preventing fraud, waste, and abuse

When fraud, waste, and abuse go unchecked, it costs taxpayer dollars. These dollars could be used for coverage of critical Apple Health benefits and services within the community. As enrollees you are in a unique position to identify fraudulent or wasteful practices. If you see any of the following, please let us know:

- If someone offers you money or goods in return for your ProviderOne services card or if you are offered money or goods in return for going to a health appointment.
- You receive an explanation of benefits for goods or services that you did not receive.
- If you know of someone falsely claiming benefits.
- Any other practices that you become aware of that seem fraudulent, abusive, or wasteful.

If you suspect fraud, waste, or abuse, you can report it to us online or by email, mail, or fax. You have the option to report anonymously. To report online go to forms.chpw.org/report-potential-fraud. To report by email, mail, or fax you can download a "Potential Fraud Report" form and use the contact information listed on the form. The form can be found at chpw.org/member-center/member-rights/fraud-waste-and-abuse.

Visit the HCA Fraud Prevention [website](https://hca.wa.gov/about-hca/other-administrative-activities/fraud-prevention) for more information: hca.wa.gov/about-hca/other-administrative-activities/fraud-prevention

We protect your privacy

We are required by law to protect your health information, including your immigration status, and keep it private. We use and share your information to provide benefits, carry out treatment, payment, and health care operations. We also use and share your information for other reasons as allowed and required by law.

Protected health information (PHI) refers to health information such as medical records that include your name, member number, or other identifiers used or shared by health plans including your race, ethnicity, and language (REL), and sexual orientation and gender identity (SOGI) information. Health plans and HCA share PHI for the following reasons:

- Treatment —Includes referrals between your PCP and other health care providers.
- Payment – We may use or share PHI to make decisions on payment. This may include claims, approvals for treatment, and decisions about medical needs.
- Health care operations — We may use information from your claim to let you know about a health program that could help you.

We may use or share your PHI without getting written approval from you under the following circumstances:

- Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:
 - The information is directly related to the family or friend's involvement with your care or payment for that care; and you have either orally agreed to the disclosure or have been given an opportunity to object and have not objected.
- The law allows HCA or Community Health Plan of Washington to use and share your PHI for the following reasons:
 - When the U.S. Secretary of the Department of Health and Human Services (DHHS) requires us to share your PHI.
 - Public Health and Safety which may include helping public health agencies to prevent or control disease.
 - Government agencies may need your PHI for audits or special functions, such as national security activities.
 - For research in certain cases, when approved by a privacy or institutional review board.
 - For legal proceedings, such as in response to a court order. Your PHI may also be shared with funeral directors or coroners to help them do their jobs.
 - With law enforcement to help find a suspect, witness, or missing person. Your PHI may also be shared with other legal authorities if we believe that you may be a victim of abuse, neglect, or domestic violence.
 - To obey Workers' Compensation laws.

Your written approval is required for all other reasons not listed above. You may cancel a written approval that you have given to us. However, your cancellation will not apply to actions taken before the cancellation.

If you want to access your Protected Health Information (PHI), complete and return the Request Access to Protected Health Information form found at chpw.org/member-center/member-forms-tools. You may also request a copy of the form by calling CHPW's Customer Service at 1-800-440-1561 (TTY: 711).

If you believe we violated your rights to privacy of your PHI, you can:

- Call us and file a complaint. We will not take any action against you for filing a complaint. The care you get will not change in any way.
- File a complaint with the U.S. DHHS, Office for Civil Rights at: ocrportal.hhs.gov/ocr/portal/lobby.jsf, or write to:

U.S. Department of Health and Human Services
200 Independence Ave SW, Room 509F, HHH Building
Washington, D.C 20201

Or:

Call 1-800-368-1019 (TDD 1-800-537-7697)

Note: This information is only an overview. We are required to keep your PHI private and give you written information annually about the plan's privacy practices and your PHI. Please refer to your Notice of Privacy Practices for additional details.
