

Time to renew your Apple Health (Medicaid)!

People on Apple Health are being asked to show they're still eligible to stay on their health plans. This is also called **renewal**.

1. What does this mean for me?

As a Community Health Plan of Washington (CHPW) member, you may be asked to renew your coverage soon. We're here to help you with this process.

2. Is my Apple Health coverage affected?

If you got a letter or email from the State of Washington telling you to renew, you need to act. Failing to respond means your Apple Health coverage will end.

3. What if I don't qualify for Apple Health anymore?

You could qualify for other affordable coverage plans. Many premiums are less than \$10/month.

4. How can I get ready to renew?

Make sure you're prepared to report any changes including:

- Income
- Household members
- Address and contact information
- Immigration or citizenship status
- Health insurance coverage

5. Can someone help me?

Yes! CHPW's friendly team can walk you through renewing your coverage. Or we can help find a low-cost insurance plan that works for you.

Just give us a call:
